Hi Ms. Alexander,

I am seeking the following documents:

- Copies of the award letters sent to the proposers that were elected to receive the contract by DCFS.
- Copies of the proposals submitted by the proposers that were awarded the contracts.

Thanks so much

Hi Celia -

Thanks for the information. It was very helpful.

I would like to request the following information as well under the Freedom of Information Act.

1. In the RFP #3000005978 published on the DCFS website (<http://www.dss.state.la.us/index.cfm?md=pagebuilder&tmp=home&pid=248>), it reads the following under section 6.6 entitled "Announcement of Contractor":

The proposals received (except for that information appropriately designated as confidential in accordance with La. R.S. 44:1), selection memorandum along with list of criteria used along with the weight assigned each criteria, scores of each proposal considered along with overall scores of each proposal considered, and a narrative justifying selection shall be made available,

upon request, to all interested parties after the "Notice of Intent to Award" letter has been issued.

Could I please be provided the materials associated with the underlined text above for this RFP? If I need to be clearer, please let me know.

2. As I understand it, each contractor for the Alternative to Abortion Initiative must supply at the conclusion of their contract period a report that summarizes the outcomes of their work during the period. I believe these reports must include a comparison of the numbers of services provided or clients served versus the projected figures that each contractor laid out in their proposal. I apologize for not having the proper name of the report.

For example, I believe this requirement is laid out in page 2 under section 5 entitled "Project Requirements" and then "Reporting Requirements" in the RFP referenced above.

I would like to request all of these relevant reports from any Alternative to Abortion Initiative contracts active from 2010 to the present.

Thanks so much,

Ben
